RGHS	-	Rustenburg Girls' High School

PREAMBLE

The *School Rules and Procedures for Learners* of Rustenburg Girls' High School has been finalised after consultation with all relevant parties. It clarifies for learners, staff and parents the rules regarding learner behaviour and expected procedures that will be followed at the school. The rules apply to all learners while they are on the school premises or when they are away from the school, representing it, or attending a school function.

Staff have the full authority and the responsibility to correct the behaviour of learners whenever such correction is necessary at school.

While this document is prescriptive, it has been written for the safety and protection of all learners. The school rules are intended to establish an environment of mutual respect to facilitate effective and quality teaching and learning.

When a learner contravenes the rules, the school will adopt a flexible approach, within the boundaries of the *Code of Conduct* and/or *School Rules and Procedures*, and act within the best interests of the school and learner in the application of disciplinary measures. Possible sanctions are stipulated in this document and will be applied at the discretion of the Principal, staff and/or SGB.

Notwithstanding the fact that a certain act or omission is not specifically covered by this document, any act or omission which, in the opinion of the Principal, staff and/or SGB, constitutes behaviour not benefitting a learner of Rustenburg Girls' High School, shall be deemed to be a contravention of the rules.

SCHOOL RULES & PROCEDURES

Learners must make themselves familiar with these rules and procedures. Parents are earnestly requested to support the school in the implementation of these rules, as well as all other measures to ensure the learners' safety.

ABSENCE

The South African Schools Act clarifies expectations regarding compulsory school attendance.

Continuous assessment takes place throughout the year, including at the beginning and the end of term, and learners are expected to attend school at all times.

RGHS is not allowed to give permission for a learner to miss school. Parents are requested not to arrange to leave early for holidays or to return late at the beginning of a new term.

If a learner is absent, they must bring a letter/email from a parent and give it to their tutor on the first day they return to school.

A medical certificate/doctor's letter must be brought after absence from examinations or other scheduled tests or assessments.

Learners will be given zero for any school based assessment activities that they have missed, unless they have a valid reason such as a medical certificate/doctor's letter.

Learners leaving a class during a lesson (to use the toilet or go to their locker, for example) require permission from the teacher in charge.

See the [Assessment Policy](#) for further information.

APPOINTMENTS DURING SCHOOL HOURS

Casual visitors to the school are not permitted. All visitors are to report to the front office and obtain a visitor's card. Casual visitors not in possession of a visitor's card will be asked to leave the school premises.

Parents are requested to avoid making appointments during the school day. Learners who miss assessments will be given zero.

If such an absence is absolutely unavoidable, parents must complete the necessary form which is available on the school's website. The completed form must be taken to the Deputy Principal (Academic Innovation) at least 24 hours in advance or as soon as reasonably possible if such advance notice is not possible. Please do not send an email or a letter.

ALCOHOL/ TOBACCO/DRUGS/ etc.

The school is a place of safety where laws pertaining to public places are applicable.

No learner may bring, be in possession of, or use any narcotic or unauthorised drugs, alcohol, or intoxicants of any kind including but not limited to alcohol, tobacco/cigarettes/e-cigarettes/vapes/marijuana or any other illegal substances (as defined in *The South African Schools Act*) onto the school grounds or use them on school property or during any school activity, or be on the school grounds when under the influence of any of these substances.

Contravention of this rule may lead to immediate suspension, pending expulsion. Criminal charges may also be laid in such cases. In addition, no learner identifiable as a learner of the school should use these substances off the premises.

Learners who need to take prescription medication during the school day, must keep a copy of a medical practitioner's script with them at all times and should inform their tutor accordingly.

See the [Substance Abuse Policy](#) for further information.

ASSIGNMENTS

Assignments are due on the set date. Marks will be deducted if deadlines are not met. This could result in a zero mark for that assessment.

See the [Assessment Policy](#) for further information.

BAGS

Only a RGHS or WP tog bag, a RGHS or plain navy blue or black backpack and other bags approved by the school will be allowed.

Bags should be kept free of drawing, writing and other decorations.

BEHAVIOUR

Learners are expected to show respect for all staff, members of the public and one another and must behave in a manner that does not disrupt their learning activities or that of other learners.

RGHS recognises that genuine feelings of affection may exist between two learners. However, learners shall refrain from Public Displays of Affection while on campus or off campus or while attending and/or participating in a school-related activity. Being overly affectionate at school can be disrespectful towards others.

Learners are expected to show good judgment and conduct themselves respectfully at all times.

Movement between classes should be orderly. Running in corridors or up and down stairways is not permitted unless there is a justifiable emergency. Learners must keep to their left side of the corridor or stairs and should be in single file when moving through the school premises so as not to obstruct traffic flow.

Climbing through windows and leaning over or sitting on balconies and window sills is forbidden. Learners may enter classrooms before school, during breaks and after school only with the express permission of a staff member.

Learners must respect the property of others. This includes teachers' belongings and their classrooms. No one may use a teacher's computer without permission.

The defacing or damaging of property will not be tolerated.

All waste must be sorted and placed in the appropriate recycling bins provided.

BLAZERS

Blazers are a compulsory part of the winter uniform and must be worn at all times outside of the school grounds.

During summer, blazers are optional, but jerseys may not be worn on their own outside of the school property.

Matrics may wear their Matric jersey instead of their blazer at any time of the year, however, blazers must be worn at all formal occasions.

BULLYING/ DISCRIMINATION/ OTHER THREATS

No bullying or discrimination of any kind will be tolerated.

No learner may be party to intimidation or threats against the school or any other parties.

Involvement in such activities may result in immediate disciplinary action including suspension, and possible expulsion. Criminal charges may also be laid.

See the [Anti-Discrimination & Bullying Policy](#) for further information.

CARS/OTHER MOTORISED VEHICLES DRIVEN BY LEARNERS

Learners with licences will be granted permission to drive their vehicles to school.

A signed letter from the parent/s, as well as a copy of the licence and details of the vehicle driven by the learner, must be handed in at the front office.

The learner must park their vehicle in one of the designated parking spaces (near the recycling area or on the bend at the front of the school).

See the [Permission to drive a car to school \(Grade 12\)](#) form for further information.

If this rule is broken, the device will be handed over to a member of staff.

The parent must collect it from the Front Office at the end of the school day and must provide a form of identification.

Learners may not have a cell phone or any other electronic device, including a smart watch, on them when writing a test or an examination.

Headphones should not be visible or used without permission from a staff member.

All the sports uniforms can be bought from the school shop (Bugs' Boutique).

Please refer to the [Sport Policy](#) for information regarding uniform requirements for each sporting code.

CONTRAVENTIONS and DISCIPLINARY MEASURES

The purpose of the school's disciplinary measures is not merely to correct unacceptable conduct, namely the contravening of school rules, or to ensure the maintenance of order and discipline in the school, but rather to guide learners to become responsible and mature citizens and decision-makers.

The disciplinary process can only be successful if learners, parents and staff co-operate with and support one another.

At the discretion of the Principal or a person acting on the Principal's authority, the school may respond with disciplinary measures in one or more of the ways indicated below, or in any other way deemed appropriate, when a learner is in contravention of the *Code of Conduct* and/or *School Rules and Procedures*.

The nature of the offence and/or a learner's prior record shall determine the severity of the disciplinary measures. Corrective measures may become more severe with repeated infractions. Disciplinary action will not infringe upon a learner's rights or be in contravention of any national or provincial regulation, and will be in line with departmental procedures and recommendations. Furthermore, learners facing disciplinary action will have access to counselling services offered and/or arranged by the school.

Disciplinary measures may include one or more of the following or similar consequences:

- A verbal warning or a written reprimand;
- Parental contact;
- Work or tasks of a remedial or corrective nature (at the discretion of the school);
- Replacement of damaged property or agreed compensation;
- Detention;
- Monitoring a learner's conduct continuously for a specified period;
- Supervised activities that will contribute to the learner's progress at school or the improvement of the school environment;
- Counselling;
- Declaring results null and void where dishonesty in a test, examination or other assessment has been established;
- Exclusion from peers, at breaks and/or other times, during the school day;
- Referral to a disciplinary committee;
- Removal of privileges and/or rewards and/or positions of leadership or authority;
- Community service;
- Suspension from specified school activities, for example, sport or cultural activities;
- Suspension from the school; and
- Expulsion from the school

SERIOUS MISCONDUCT

If the Principal suspects, on reasonable grounds, that a learner has committed misconduct that is of such a serious nature that it warrants a sanction of suspension or expulsion from the school, they may refer the matter to the School Governing Body to hold a disciplinary hearing.

The SGB may, as a precautionary measure and in terms of the provisions of *The South African Schools Act*, suspend the learner from attending school prior to the hearing. If the learner is found guilty of serious misconduct, the SGB may impose a sanction of suspension from school for a period of time or recommend to the Western Cape Education Department that the learner be expelled from the school.

Serious misconduct is defined in the *Regulations relating to disciplining, suspension and expulsion of learners at public schools in the Western Cape (15 December 2011)*.

Serious misconduct includes but is not limited to:

- A criminal conviction by a court of law;
- The criminal acts of assault, vandalism, fraud, theft, or the use, possession, distribution or sale of any of the following: illegal drugs, chemical substances, alcohol, tobacco, e-cigarettes/vapes or refills, weapons, pornographic material or objects which could cause harm or injury;
- The repeated breaking of school rules, regulations and/or procedures;
- Conduct that is immoral or improper;
- Repeated absence without leave from school and/or classes;
- The distribution or possession of any test or examination material that may enable them or another person to gain an unfair advantage in a test or examination;
- Plagiarism and/or cheating in a test or examination or any other form of assessment; or
- Seriously threatening or disrupting teaching or learning in a class.

DISCIPLINARY PROCEDURES

The Principal may, if there is reasonable suspicion supported by sufficient information, in terms of the provisions of *The South African Schools Act*, conduct random searches, seizures and drug testing in this regard (see the [Search and Seizure Procedures](#) for more information).

Where any person becomes aware of any act or omission by a learner of Rustenburg Girls' High School which constitutes a contravention of this *Code of Conduct and/or School Rules and Procedures*, they shall:

- if a learner, refer the matter to a matric leader or an educator;
- if a matric leader, apply reasonable, relevant sanctions at their discretion, provided the matter is not of a serious or repeated nature, in which case they will refer the matter to the relevant Head of House, a Deputy Principal or Principal;
- if an educator, apply reasonable, relevant sanctions at their discretion, provided the matter is not of a serious or repeated nature, in which case they will refer the matter to the Principal or a Deputy Principal; and
- if the Principal or a Deputy Principal, decide on appropriate action (in consultation with the SGB if necessary).

The persons in positions of authority referred to above shall afford a learner the right to make a representation and apply reasonable, relevant sanctions at their discretion, provided the matter is not of a serious or repeated nature, in which case they will refer the matter to the Principal or a Deputy Principal.

A learner has the right to appeal to a higher level of authority if they feel that they have been unfairly treated.

The school reserves the right, where any disciplinary measure has been applied to a learner, to place this on record.

DUE PROCESS and APPEAL

Any learner accused of violating any rule that may lead to suspension and/or expulsion shall be brought to the Principal or a Deputy Principal, who will hear the evidence and then decide on the action to be taken.

Before a learner may be suspended or before a recommendation for expulsion is made to the Head of Department (Education: Western Cape), the school must inform the learner and their parents in writing and arrange for a fair hearing by the members of the SGB's Disciplinary Committee.

To this end, the learner shall:

- Be informed of and understand the charge/s, of which written notice is given at least five days before the hearing. Such notice shall also indicate the time and place of the hearing;
- Be required to plead to the charge/s;
- Receive an explanation of the evidence if the charges are denied;
- Have the opportunity to be heard; to relate their side of the story and to present the relevant facts;
- Have the right to request the presence of witnesses;
- Not be prohibited from being represented by any person of their choice, including their parent/s and/or legal counsel;
- Be heard by impartial persons;
- Be informed, in writing, of the decision of the Disciplinary Committee and the SGB and the sanction/s imposed;
- Have the right to appeal to the MEC against their expulsion; and
- Have the right to support and counselling offered and/or arranged by the school during the disciplinary process.

The SGB must inform the Provincial Head of Department or their representative, in writing, of the intention to suspend a learner pending a decision on their expulsion.

EXEMPTIONS FROM THIS CODE

Religious and cultural practices, conduct or obligations that relate to the core values and beliefs of a recognised religion or culture and that are deemed to be incompatible with any rule contained in this document will be considered by the School Governing Body.

A learner and their parent must make a written application to the SGB for permission to be exempted from the rules, or any part thereof if such rules are in conflict with or infringe on any religious or cultural rights of the learner. Until such time as an application has been considered and a decision reached, a learner must adhere to the normal rules, regulations and codes of the school.

Such a written request must include the following:

1. The specific rule/s that is/are in conflict with the learner's religious or cultural rights as contained in the Constitution of the Republic of South Africa;
2. The manner in which the learner wishes to differ from the rules;
3. The substantiated basis for this request, supported by documentary evidence where possible, must include a reasonable interpretation of the religious or cultural rights that the learner feels are in conflict and a suggestion on how the rules may be supplemented by the SGB to accommodate such religious or cultural rights;
4. Proof provided by the learner that they belong to that specific religion or culture and that the religious or cultural practices, rules and obligations that are incompatible with the school's rules are their true beliefs and commitments. The religious or cultural conduct or practice must be lawful; and
5. Whether the cultural or religious practice is mandatory or voluntary.

Once this request and information has been submitted, the learner and parent will be called to an interview with a sub-committee of the SGB.

When the SGB allows for departures from the standard rules, this must be based on core religious or cultural beliefs inherent to the religion or culture and it must be compulsory for the learner to comply with such beliefs.

The SGB will provide the parent/learner with written notification of its decision and any conditions relating to the exemption. The SGB will specify the approved departures from the rules and will identify the conditions under which this will be applicable to the learner.

Requests for short term, temporary departures from the school rules may be submitted in writing to the Principal or a Deputy Principal. A learner must adhere to the normal rules, regulations and codes of the school until such permission has been granted.
